	<p>This example assumes that no further withdrawals are made, the account remains open during the selected term, that the interest is accrued daily and applied to the account monthly and that any interest earned stays in the account.</p> <p>The term of the account and interest accrual will start no later than one business day from when we received your first funding. Any subsequent funding (within the first 30 days from account approval) will add to the total balance, and interest will be calculated on the minimum daily balance and applied to the account on the first day of every subsequent month.</p>

These limits are subject to HM Revenue & Customs rules.</p> <p>You can transfer Cash ISA balances from the current tax year as well as previous tax years. There will be a withdrawal charge (if the withdrawal is made after the cooling off period of 14 days) depending on the term taken, as shown below.

ISA Deposit Term	Early Withdrawal Charge
12 Months	90 days of interest on the amount withdrawn
24 Months	180 days of interest on the amount withdrawn
36 Months	270 days of interest on the amount withdrawn

We will deduct the charge from the balance in your account when the withdrawal is made, and you therefore may get back less than you originally deposited. If after withdrawing funds, the balance goes to £0, and remains at £0 for a period of six months, the account will be closed.

You can close or transfer your balance to another ISA provider at the end of the fixed term with no penalty.

This is not a flexible Cash ISA, so any money withdrawn cannot be replaced.

30 days and 14 days before your account matures, we will send you an email providing you a choice of options as follows:

- Reinvest the full or partial balance in a new OakNorth Cash ISA. Any remaining balance will be transferred back to your nominated account.
- Return your full original principal investment and interest earned back to your nominated account.
- Transfer your full or partial balance to another ISA provider (in this case, you will need to give transfer instructions to the new ISA provider, who will forward the request to us on your behalf)

If we do not hear from you before the account maturity date, the total amount will be automatically transferred to an OakNorth Easy Access Cash ISA. Please see our [Easy Access Cash ISA](#) deposit account page on website for the current interest rate.

Additional information

Interest is tax-free, and doesn't count towards your Personal Savings Allowance.

The AER (Annual Equivalent Rate) illustrates what the interest rate would be if interest was paid and compounded once a year.

The treatment of your account for tax purposes will depend on your individual circumstances. All tax information is based on our understanding of current law and HM Revenue & Customs practice, both of which may change. For more information visit hmrc.gov.uk.
